

P19 - Powerbank MagTech 5000

Backup battery with light-up logo and Magsafe technology, which enables the battery to be magnetically attracted to the back of the phone.

The technology of this powerbank is revealed thanks to the transparent casing showing the circuit board.

Magnetic induction powerbank with 5000 mAh capacity, digital battery display and USB type C output/input. The casing is made with a minimum of 50% recycled ABS.

If your phone does not have MagSafe technology (starting iPhone 12), you can add the included magnetic sticker on the back of the phone to make it compatible with the supplied magnetic support.

Everything is included: rPET cable, recycled cardboard gift box, light-up logo and 3-year warranty.
