

W27 - Wireless Charger 10W Made In EU

Discover our best-seller W16 in an exclusive Made in Europe version !

10W induction charging stand Made in France in French oak wood, assembled and personalized in France. This product is customizable with a light-up logo.

This product is unique and numbered. It was made from oak wood in the North of France by a cabinetmaker. It was then assembled in an Establishment and Service of Help through Work and printed in France.

Thanks to its double wireless sensor, the smartphone can be charged in a vertical or horizontal position allowing the calls and video reading. This charger is Qi compatible and allows the charging of all Qi compatible devices (smartphones, earbuds...)

Everything is included: light-up logo customisation, rPET charging cable and gift box with magnet closing mechanism in recycled paper.
