

D11 - Eco Smart Bottle

Insulated stainless steel 400ml bottle with double wall and bamboo.

The bottle is equipped with the Touch&Light system, a temperature sensor which allows the temperature of the drink to be displayed on the bottle cap (available in degree Celsius).

Thanks to its double wall, the bottle keeps hot or cold drinks at the right temperature for 12 hours. A tea filter is included.

Everything is included : customisation and gift box made from recycled paper.
